Complete Aluminum General Contractors.

Thank you for meeting me at The Beacon yesterday and taking me on a tour of the job. I wanted to write you this letter to tell you that I go to many jobs all over the State and the Caribbean Islands and your installers attention to detail is honestly second to none. The job site was very clean and the perimeter caulking was neat, smooth with zero voids. I can tell your guys take pride in their work and we appreciate everyone at CGC for your efforts.

Thanks again and we at ESW look forward to a prosperous 2019 with CGC.

Sincerely,

A handwritten signature in black ink, appearing to read 'Heath Cobb', enclosed in a circular scribble.
