General Manager

July 25, 2019

To whom it may concern;

Please accept this letter as my professional recommendation of Complete Aluminum. I have had the opportunity to work with them directly here at Tower Key Biscayne as the buildings project manager. Complete Aluminum, under the guidance and hands-on leadership of project manager, Andre Fernandez, has demonstrated a professional and ethical caliber during their time here.

The foreman and work crews are professional, reliable, and respectful. One of the most important things to have is dependability. We needed someone who would be there every day, work at a consistent and diligent pace with attention to detail, and the Complete Aluminum team did not fall short. Schedules have been maintained while completing the jobs with great quality and preserving an excellent relationship with the homeowners.

For these reasons, I would recommend Complete Aluminum to other organizations in need of quality services.

Sincerely,

Jorge Alfonso
Project Manager
The Towers of Key Biscayne, Inc.
